*I'd like to make it in the film industry. My advice for students wanting to study at Coleg Gwent? Go for it - you get so much help. I came on this course not knowing anything about acting and the tutors have helped me progress so far.*

# PATHWAY TO DEGREE/UNIVERSITY

## (ACCESS TO HIGHER EDUCATION)

**A university degree is achievable even if you don't have any previous qualifications.**

Our part time Nursing, Medical and Health Care pathway can help to get you onto your chosen degree course and on track for success and that dream job.

*I needed a qualification in order to move further with physiotherapy. Although working as a Physio Assistant, my frustration was not being able to progress in my current role but coming to Coleg Gwent has enabled me to break that barrier. I found my teachers to be enthusiastic and motivated to get their students into university and to get the best they can out the course.*

*The course is fantastic, it is so different from school. It's all adults who want to achieve something and is laid back but demanding at the same time! Being a mature student was daunting but within the first few days I had made a lot of friends. The tutors are exceptional - they really want you to achieve your goals and having a well-equipped gym is a huge bonus!*
